SCHOOL ACCOUNTABILITY REPORT CARD

A REPORT OF 2018-19 ACTIVITY PUBLISHED IN 2019-20

Principal's Message

The School Accountability Report Card is intended to provide information to the community about how Blanchard School is managed, how resources are utilized, the services and programs that our school offers students, and how students are performing academically on annual assessments. Blanchard School is proud of our many accomplishments and our work with children. We recognize the challenges with which we are presented and the need for constant evaluation and improvement as necessary.

Blanchard maintains a warm and nurturing environment for learning. Our dedicated staff provides each student with quality standards-based education utilizing data and research-based instructional strategies. Academic support and intervention, as well as behavioral/social/emotional support, is provided to students who meet specified criteria to promote academic success and responsible behavior.

Parents are welcome at our school and have many opportunities to be involved in the school community. Parents serve as volunteers in the classroom, for special activities and serve on School Site Council, and Friends of Blanchard School. In addition to site-based committees, parents can represent the school and serve on District committees.

We believe that an effective school is one in which teachers, parents, students, and staff work together as a supportive community for learners. A cooperative partnership between home and school provides the best opportunity for each of our students to reach his or her highest potential.

District & School Description

Santa Paula Unified School District

Santa Paula Unified School District is located in the city of Santa Paula, a small historical community serving approximately 30,000 residents within a 4.6 square-mile radius surrounded by rolling hills, avocado, and citrus groves. Santa Paula City is approximately 65

miles northwest of Los Angeles and 14 miles east of Ventura. Santa Paula Unified School District operates six elementary schools, one middle school, one comprehensive high school and one continuation high school all nestled against the city's foothills. During the 2018-19 school year, the District served 5,270 students in grades TK-12. The demographic composition of the student body included 13.6% students identified with a disability, 35.8% qualifying for English learner support, 88.6% enrolled in the Free or Reduced Price Meal program, 1.4% migrant, 0.1% foster youth, and 9.6% homeless youth.

District Vision & Mission

Vision:

The Santa Paula Unified School District provides exemplary learning environments for all students to be prepared to successfully contribute to a diverse global society.

Mission:

The Santa Paula Unified School District, in collaboration with educators, parents, and community, will prepare students academically, emotionally and socially for college, careers, global citizenship, and lifelong learning. At each grade level, all students are provided diverse and differentiated experiences and learning opportunities by a highly skilled educational team in a safe and supportive learning environment.

Core Values:

The Santa Paula Unified School District Board of Trustees strongly value and believe that our students need to be prepared for the 21st Century. Consequently, the District's core values reflect a commitment to:

- improving student academic performance
- providing safe and healthy schools
- maintaining a fiscally sound budget
- promoting stakeholder input
- fostering a positive district culture

Educating our students and supporting the school community is our responsibility!

Local Control Accountability Plan (LCAP)

As part of the Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP). The following components of this SARC address some of the priorities identified in the District's LCAP:

State Priority 1: Basic (Conditions of Learning)

The SARC provides the following information relevant to the State priority:

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and School facilities are maintained in good repair.

State Priority 2: State Standards (Conditions of Learning)

The SARC does not cover any of the requirements of State Priority 2.

State Priority 3: Parental Involvement (Engagement)

The SARC provides the following information relevant to the State priority:

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

State Priority 4: Pupil Achievement (Pupil Outcomes)

The SARC provides the following information relevant to the State priority:

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities);
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

State Priority 5: Pupil Engagement (Engagement)

The SARC provides the following information relevant to the State priority:

- High school dropout rates; and
- High school graduation rates

State Priority 6: School Climate (Engagement)

The SARC provides the following information relevant to the State priority:

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

State Priority 7: Course Access (Conditions of Learning)

The SARC does not cover any of the requirements of State Priority 7.

State Priority 8: Other Pupil Outcomes (Pupil Outcomes)

The SARC provides the following information relevant to the State priority:

Pupil outcomes in the subject area of physical education.

Student Achievement District Benchmark Assessments

Santa Paula Unified School District utilizes districtwide interim assessments that are aligned to the Common Core State Standards. These assessments are used to evaluate instructional programs and measure student proficiency of all students in math and language arts. Test results are used to 1) help teachers identify areas where instruction may or may not be effective, 2) analyze and readjust curriculum maps, 3) identify concepts that need to be retaught in the classroom, 4) plan in-class lessons, and 5) identify students who need targeted academic assistance or intervention.

Note: ELA & Mathematics test results include the Smarter Balanced Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

California Assessment of Student Performance and Progress (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

Note: Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/cal.

Physical Fitness

In the spring of each year, Blanchard Elementary is required by the state to administer a physical fitness test to all students in the fifth grade. The physical fitness test measures each student's ability to complete six fitness tasks in six major areas. Students that either meet or exceed the standards in five of six fitness areas are considered to be physically fit or in the "healthy fitness zone." Comparative district and state results can be found at the CDE's website www.cde.ca.gov/ta/tg/pf/.

School Facilities & Safety

Blanchard Elementary School provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Original school buildings were constructed in 1960; ongoing maintenance ensures school facilities are kept safe and in good working condition, and continue to provide adequate space for students and staff. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority.

2018-19 through 2019-20 Campus Repair or Improvement Projects:

- Installation of new A/C units
- Remodel of front office
- Maintenance on school buildings and ramps (repairs where needed)
- Remodel second half of front office

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and two evening custodians (one full-time and one part-time) are assigned to Blanchard Elementary. The day custodian is responsible for:

- Cafeteria setup and cleaning
- Computer lab and library cleaning
- Office area cleaning
- Restroom cleaning
- Trash removal

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:

- Classroom cleaning
- Setup/cleanup of evening activities
- Kitchen cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

School Inspections

On an annual basis, schools are required by the state to perform a comprehensive inspection and report those findings to the school community. The most recent inspection for Blanchard Elementary School took place on August 19, 2019. The School Facility Good Repair Status table illustrated in this report identifies the state-required inspection areas and discloses the operational status in each of those areas. During the 2018-19 school year, 100% of restrooms were fully operational and available to students at all times.

Deferred Maintenance

Santa Paula Unified School District allocates deferred maintenance money to fund the repairs or replacement of existing school building components which typically include projects such as roofing, plumbing, heating, air conditioning, electrical systems, interior/ exterior painting and flooring systems.

During the 2018-19 school year, Santa Paula Unified School District allocated \$17,330 of deferred maintenance funds for the following projects at Blanchard Elementary School:

- Moisture Remediation
- Carpeting in Counselor's office
- Architectural services for cooler project

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Blanchard Elementary in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy,

dress code policy, and bully prevention policy. The school's most current safety plan was reviewed, updated and shared with school staff in fall 2019.

Supervision & Safety

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, teachers are strategically assigned to supervise students at the outside lunch tables and cafeteria staff monitor student activity while at breakfast in the cafeteria. During recess teachers monitor playground activity. Noon duty supervisors monitor activity at lunch time in the cafeteria and on the playground. At the end of the day when students are dismissed, the principal and teachers monitor student behavior to ensure a safe and orderly departure.

Many individuals visit the campus as volunteers or to participate in school events. To maintain a safe and secure environment, all parents and visitors are required to check in at the school office upon arrival, obtain and wear a visitor's badge, and then return to the school office prior to departure to sign out.

Classroom Environment

Student Recognition Programs

Blanchard Elementary School holds trimester award assemblies where students may receive certificates for achievement in many areas. Certificates are given to students at assemblies and special presentations throughout the school year. For example, students are recognized for Citizenship, Most Improved,

Extracurricular Activities

Students are encouraged to participate in the school's additional academic and extracurricular activities that are an integral part of the educational program. Activities include: Jr. ASB, yearbook, art club, and the chess club.

Discipline & Climate for Learning

Students at Blanchard Elementary School are guided by school-wide rules and classroom expectations that promote respect, cooperation, courtesy, and acceptance of others. The school's discipline philosophy promotes a safe school, a warm and friendly classroom environment, and demonstrates that positive discipline is a solid foundation on which to build an effective school. The goal of Blanchard Elementary School's discipline program is to nurture self-esteem and provide students with opportunities to learn self-discipline through a system of consistent rewards and consequences for their behavior. Parents and students are informed of discipline policies at the beginning of each school year through Rights & Responsibilities Packets and a parent handbook. The principal and counselor review rules with students at the beginning of each trimester.

Class Size Distribution

The Class Size Distribution table in this report illustrates the distribution of class sizes by grade level, the average class size, and the number of classes that contain 1-20 students, 21-32 students, and 33 or more students. Calculations exclude classrooms of 50 or more students.

Curriculum & Instruction

Staff Development

All professional development opportunities at Santa Paula Unified School District are aligned to the California State Standards. Staff development concentrations are selected and identified based upon district initiatives, student assessment results, teacher input, state content standards, and professional development surveys.

During the 2018-19 school year, Blanchard Elementary provided site-based staff development at monthly meetings. Topics were centered around the District's focus for staff development identified by the Educational Services Department. Training topics included:

- Academic Conversations
- Grade Level Standards
- Reinforcing Classroom Routines & Structure

During the 2017-18, 2018-19 and 2019-20 school years, Santa Paula Unified School District offered the following staff development training:

Santa Paula Unified School District supports new teachers in developing their teaching skills and earning a Professional Clear Teaching Credential. The district's New Teacher Induction Consortium, formerly known as the Beginning Teacher Support and Assessment (BTSA) program, is designed for first- and second-year teachers to receive structured guidance and support from experienced teachers over a two-year period.

Staff members are encouraged to attend professional workshops and conferences. New teachers, experienced teachers, mentor/teacher leaders, administrators, and support staff are encouraged to participate in workshops sponsored by the Ventura County Office of Education. Special education staff participate in local and county sponsored professional training activities throughout the school year. Classified support staff may receive additional job-related training from the county office of education. All classified staff participate in county- and district-sponsored training sessions addressing sexual harassment, sexual molestation, and ergonomics.

Instructional Materials

All textbooks used in the core curriculum throughout Santa Paula Unified School District are currently being aligned to the California State Standards. Instructional materials are standards-based and approved by the district's Board of Trustees. The district follows the State Board of Education's adoption cycle for core content materials and for textbook adoptions in foreign language, visual and performing arts, and health.

On September 11, 2019, the Santa Paula Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted [Resolution 2019 - 20:01 Sufficiency of Textbooks or Instructional Materials](#) which certifies as required by Education Code §60119 that (1) textbooks and instructional materials were provided to all students, including English Learners, in the district to the extent that each student has a textbook or instructional materials, or both, to use in class and to take home, which may include materials in a digital format but shall not include photocopied sheets from only a portion of a textbook or instructional materials copied to address a shortage (2) all students who are enrolled in the same course within the district, have standards-aligned textbooks or instructional materials from the same adoption cycle, 3) sufficient textbooks and instructional materials were provided to each student, including English Learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, including the English language development component of an adopted program, and 4) sufficient textbooks or instructional materials were provided to each student enrolled in foreign language or health classes, and 5) laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive.

In addition to the core subject areas, districts are required to disclose in this annual report the sufficiency of instructional materials used for its visual/performing arts curricula. During the 2019-20 school year, Santa Paula Unified School District provided all students enrolled in a visual/performing arts class with their own instructional materials or supplemental materials to use in class and to take home. These materials comply with the state's content standards and curriculum frameworks.

The Santa Paula Unified School District is using supplemental materials in addition to current Science textbooks and History/Social Science textbooks in order to meet State requirements, but plans to pilot and adopt textbooks as follows:

Specialized Instruction

All curriculum and instruction are being aligned to the California State Standards approved by the State Board of Education. Every student receives a rigorous, well-balanced standards-aligned curriculum. The district provides chrome books or iPads to all students as part of a 1:1 technology initiative and supports the utilization of google suite to enhance student learning. Blanchard Elementary School structures its educational program so that all students receive instruction appropriate to their learning level. To ensure the success of every student, teachers use a variety of instructional techniques using research-based instructional materials and strategies.

Special Education

For the 2018-19 school year, Blanchard has one K-2 SDC class. The district houses two half-day preschool SDC classes of 3 and 4 year olds at Blanchard Elementary School. Each student is assigned a case manager to oversee the implementation of the IEP. Special Education services include regular education accommodations, speech and language services, audiology services, and psychological counseling. General education and Special Education staff provide support to students through a blended, co-teaching model, and/or through a pull-out program to provide core instruction. Each student is provided instruction based upon their IEP, which is reviewed and updated annually by the school's IEP team. The IEP ensures students with disabilities have equal access to core curriculum and educational opportunities and is designed to coordinate specially-designed instruction based upon individual academic, social, and/or behavioral needs.

English Language Learners

Blanchard Elementary School provides English Language Learner (ELL) students with English Language Development (ELD) instruction within their regular classrooms. Students are grouped by acquisition level for 30 minutes daily in kindergarten through second grade and 45 minutes daily for students in third through fifth grades. English Learner students also receive integrated language support throughout the day in their core curricular areas. Newcomers receive ELD specifically designed for their language level by an ELD specialist.

At Risk Interventions

Blanchard Elementary School supports intervention programs to meet the needs of those students not meeting state proficiency standards in language arts by offering one full time reading teacher and one part time reading teacher to assist with reading, and instructional assistants in kindergarten to provide one-to-one and small group instruction to support students in their efforts to attain academic proficiency in all areas during the first trimester of school. Before school and after school reading or math intervention is offered two days per week for a six-week period of time for those students below proficiency level based on district benchmarks and/or CAASPP scores.

Professional Staff

Support Services Staff

Blanchard Elementary provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Blanchard Elementary's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Teacher Assignment

During the 2018-19 school year, Blanchard Elementary had 22 teachers who met all credential requirements in accordance with state guidelines. The chart below identifies the number of teachers at both the school and district who are 1) fully credentialed; 2) without full credentials; 3) teaching outside subject area of competence; 4) misassignments for English learners; 5) total teacher misassignments; and 6) vacant teacher positions. Those teachers without a full credential include LEA and university internships, pre-internships, emergency or other permits, and waivers. The term "misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

District Expenditures

Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state.

Expenditures Per Student

For the 2017-18 school year, Santa Paula Unified School District spent an average of \$12,956 of total general funds to educate each student (based on 2017-18 audited financial statements). The table in this report: 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding expenditures and salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)
